

# LIST OF ALLERGENES

A grey square indicates that the ingredient probably won't cause an allergic reaction.  
A black square indicates that the ingredient with certainty contains allergenes.

Brioche														
Dark Burger Bun														

**Be aware** that this merely is a list of allergens that are found in our products. Do you have any questions to any additional ingredients, you can ask you waiter to see an expanded list of ingredients. If a product available from the menu is not on the list below, this means that there are no allergens in the product. **Please keep in mind** that we only have one kitchen in the restaurant, so there is a risk of contamination with an ingredient containing one or more allergens. **Be aware** that Halifax can not positively quarantee which products can tolerate if you have food sensitivity or allergies, since people with allergies often develop cross-allergies. You can most likely eat the products marked with a green 'no' to allergens, but if we have to provide a guarantee, it requires a medical assessment, which is beyond our competence.
